

PRESS RELEASE**COTES A/S SIGNS FRAME AGREEMENT WITH POLYGON GROUP TO STREAMLINE SUPPLY OF DEHUMIDIFICATION EQUIPMENT**

Viby, 14. April 2025 – Cotes A/S, a Danish manufacturer of high-performance adsorption dehumidifiers, has signed a frame agreement with Polygon Group, one of the leading providers of water damage restoration services. The agreement establishes a structured supply framework, ensuring reliable access to Cotes' dehumidification equipment for Polygon's operations in selected markets.

By securing this agreement, Cotes strengthens its position as a trusted supplier of efficient drying technology, supporting Polygon's ability to standardise and streamline procurement processes.

Cotes CL26 Adsorption Dehumidifier: A Reliable Solution for Restoration Work

A key product included in this agreement is the Cotes CL26 Adsorption Dehumidifier, a compact and portable drying unit that offers efficient moisture removal in water damage restoration. Weighing just 10.9 kg, the CL26 is designed for easy handling, fast deployment, and optimised drying performance, even in low or freezing temperatures.

With an energy-efficient operation and a stackable, durable design, the CL26 is well-suited for technicians working in challenging environments, ensuring both practicality and sustainability in restoration efforts.

A Collaboration Focused on Efficiency

Martin Brøchner-Mortensen, CEO of Cotes A/S, comments on the agreement:

"We are pleased to formalise our collaboration with Polygon Group. Having tested and evaluated our solutions, they recognised the value of our technology in supporting their operations. This agreement allows us to provide a consistent and reliable supply of dehumidification equipment to their teams in selected markets."

Pauline Fuchs-Gamböck, Group Operations Manager at Polygon Group, adds:

"We continuously assess solutions that can improve efficiency in our operations. Cotes' dehumidifiers have proven to be a good fit for some of our needs, and this agreement provides a structured way to integrate them into our equipment portfolio."

This frame agreement is part of Cotes' ongoing commitment to delivering high-quality, energy-efficient dehumidification solutions that support operational efficiency and sustainability.
